FIRST PACE Credit Union
Annual Report of the Board of Directors
For Year Ended December 31, 2024

Good evening and welcome to our 62nd Annual Meeting. The Board of Directors, Supervisory Committee and staff, personally want to thank you for your continued support of the credit union. As your elected officials it is our duty to keep members best interests in mind when reviewing our operations, so that profits can be shared with you.

2024 resulted in a continued stabilization of finances and operations. The adjustments to the previous management changes and non-merger decision have progressed to a “normalized” routine and environment. The staff is efficiently collaborating as a team to be their best for all members. The ever-changing nature of our products and services demands time, training and teaching, the goal is to make changes as seamless to members as possible. Hopefully you noticed, but easily adjusted to, our new Mobile phone App, our new Statement and EStatements, our new Debt Protection option on loans.

This year we have already had to replace our Alarm system and implement our new on-line Loan App (beginning end of May). While we have been able to postpone changing our main Core processor, we will be required to install a new Firewall and upgrade and configure the office computers. We will constantly investigate improvements and additions to our products and services.

We encourage our members to continue to utilize our digital channels for managing their account statements, monitoring balances and transaction activity, account alerts, paying bills, depositing checks or transferring funds. By using our e-services, managing your money has never been easier and safer.

Please talk with family about joining the credit union so they too can enjoy all the benefits of membership. Our co-operative structure insures you will be treated fairly, because you’re not just a member of the credit union, you’re an owner too! Credit union profits are turned into member benefits by allowing us to offer better rates with fewer and lower fees.

As your board of directors, we look out for our members best interest and continue to look for ways to provide member value. It is our goal to be your preferred financial partner in life.

We hope you enjoy the evening, win a great prize, and think of FIRST PACE Credit Union first for all your financial needs.

FIRST PACE Credit Union

Annual Report of the Treasurer For Year Ended December 31, 2024

2024 continued to bring challenges with inflation and a volatile interest rate market. The year-end financials are shown on the next page. Dollar amounts and ratios are reviewed monthly with some highlights below:

Annually, most of our vendors and services pass on price increases and the needs of new or upgraded systems and equipment will have an impact again in the coming year. Like all financial institutions, we were – and are, challenged with low cash liquidity resulting in the use of our investment income to sustain our strong level of loan needs, meaning less income and inventory related to our investment portfolio.

Main determining functions of a successful Credit Union is growth in membership activity and deposits, loan demand and liquidity. Our focus is to solidify the investment portfolio, stabilize the offsets of income to expenses while continuing to offer competitive rates, fees, products and services. The NCUA considers you strong and secure when your Net Worth/Capital is at 7% or higher, we are very well capitalized at 19.18%.

We encourage our members to utilize our products and services, and advocate membership growth to family and eligible co-workers. Our staff is always here ready to help our members with their financial needs. Members who actively use FIRST PACE Credit Union keep us financially strong. Without members like you, we would not be successful and for that, we thank you!

Our website has the latest news and announcements, promotions, and financial tidbits to keep our members informed. FIRST PACE Credit Union

Annual Report of the Supervisory Committee For Year Ended December 31, 2024

The Supervisory Committee is responsible for the financial oversight of the credit union's activities, as well as examining the credit union operations to assure that all policies and procedures are followed.

During 2024 the committee completed several audits according to the National Credit Union Administration and Minnesota Department of Commerce guidelines. These audits include verifying the credit union's corporate statements, general ledger accounts, cash, loans, investments, and share accounts. We also engage the services of a third-party auditor to assist us with additional audit functions. All audit functions performed by the Supervisory Committee and any audit findings are reported to the Board of Directors on a monthly basis.

As a state-chartered credit union, we are routinely audited by the Minnesota Commerce Department. Your Supervisory Committee, Board of Directors and management, meet with the state examiner at the end of the audit to discuss their findings and receive a copy of the financial examination report.

It is the opinion of the Supervisory Committee that the financial report provided to you this evening accurately represents the condition of FIRST PACE Credit Union. Our practice of safety and soundness with a high Net Worth give no cause for supervisory concern.

Respectfully submitted: Mike Morton, Chairperson
Ben Dachel
Jon Lerbs
